## ABOUT THE TOUR

Welcome to the VIEWPOINT VANCOUVER RIDE. This self-guided tour was curated by Gordon Price of Viewpoint Vancouver, and will bring you from downtown all the up to the highest point in Vancouver.

Thanks to Gordon Price for helping us put this route together! As an avid commuter cyclist, and one of the city's early advocates for bike infrastructure and a greener city, he has fantastic information about Vancouver's history.

At a few of the points along the way, Gordon has some fun tidbits of information so be sure to watch the linked videos when possible.
